Your telegram No. 629.

1. Foreign Office and Post Office have no objection to the grant of reciprocal facilities to the Swedish Legation here on the same conditions as those outlined in paragraph 1 of your telegram No. 616. They question the need for the arrangement to be made the subject of a Royal Decree and suggest a gentlemen's agreement would meet the case.

2. Please inform us when formal permission for reception of Globereuter is received from Reuters London and whether they ask for any subscription.
